Wifi (Eduroam)

- For Windows, macOS, iOS
- For Android
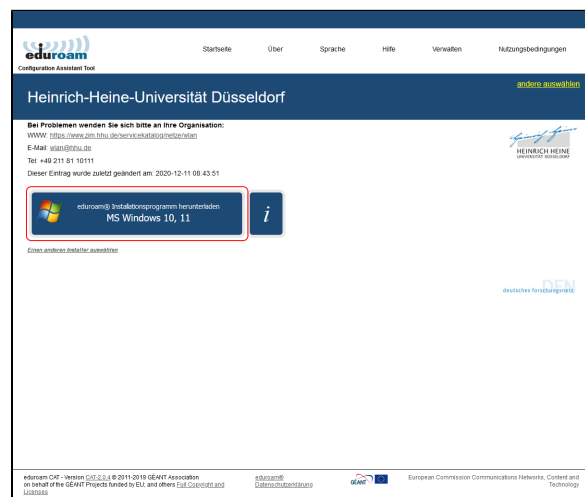

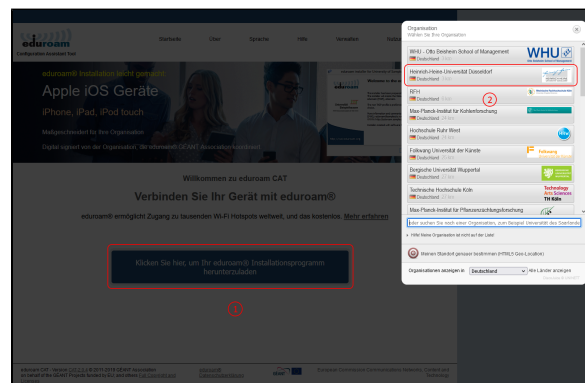

For Windows, macOS, iOS

If you want to connect your device to the Eduroam Wifi network please install the HHU Eduroam profile.

Open **https://cat.eduroam.org** in your browser.

(1) Click the blue button "Klicken Sie hier ..." *(Click here ...)*.

(2) Select "Heinrich-Heine-Universität Düsseldorf" from the list of universities.

Select the operating system of your device (normally the homepage will do so automatically).

Install the profile. To log in to Eduroam please enter your **university username** and **university password**.

For Android

Please install the **Eduroam CAT** app by Géant from the PlayStore.

Open the app.

Enter your **university username** and **university password**.
